

Palmetto Utilities, Inc. To whom it may concern:
 I ~~am~~ a widow. I live alone. Obviously I do not
 use your sewage treatment facility as much as a
 household of 4 (and in some cases, 6, 8 or 10 people
 living in one residence) are using for showers,
 clothes and dish washers, flushing toilets, brushing
 teeth, washing hands, etc. Your method of charg-
 ing for treatment of sewage water is totally unfair.
 My use of City water is their minimum. That ought
 to tell P.U., Inc. something. I use more in the sum-
 mer months for watering my lawn, but that does
 not involve the use of your facility.

One wonders if perhaps established homeowners are
 being charged for installation of sewage lines at
 new construction sites in this area, beginning with
 the rate increase given P.U., Inc. just a few months
 ago and NOW a request for another increase
 which will perhaps be used for the same purpose.
 Seems to me, that builders and contractors should
 include those costs with the purchase price of the
 dwelling.

This outrageous increase you're hoping the PSC
 will grant you ^{would} ~~will~~ put a tremendous burden on
 many of us in the Longcreek Plantation area.
